STEPHENS Salient Six

Leadership Won By Its

Greater Value-Greater Service

The gradually growing popularity of the Stephens is due to the definite satisfaction, which this car gives its owners.

It comes from owner appreciation of the finer workmanship and the true beauty and style of Stephens hand built bodies.

It comes also from owner satisfaction in the greater service of the modern Stephens engine.

An engine that is no respecter of the grades of gasoline you supply it-that burns all the gasoline; thus wasting no fuci and no power.

A salient service, that comes to owners in the form of speed, endurance flexibility, hill-climbing ability and smoothriding at their maximum.

Stephens leadership is a just leadership solidly fixed in the minds of Stephens owners, who agree, that, "To own a Stephens is to enjoy the height of motor car satisfaction."
